

## **TERMS OF USE**

In the present document are described and defined the terms of use of the services and information, provided by the company "

Envirelectric" " (hereinafter the "Company")

1. Online via the website plision.eu (hereinafter "Site")
2. Through the application of "Plision" (hereinafter referred to as "Application"), available on mobile phones (smart phones) and other devices using IOS or Android.

The use of the Site and the Application implies full acceptance of the terms in this document.

## **WEBSITE CLIENTS**

The Company provides each registered Business/Private organization/Public institution/ Municipality/Community/ Service/ Professional (hereinafter called "the Customer"), to

- Be advertised
- advertise their respective services and/or purpose
- defines special offers, their details and their duration
- provides announcements / news / emergencies events through the Site.

For the above the registration of the Customer is necessary and is accomplished by filling in the relevant Customer information as required on the Site.

The completion of the information entails the creation of a unique combination of a user name and password for the manager (hereinafter referred to as the "Administrator"), which is automatically generated by the application of the Site and is used there after to access it, after the approval of the Company.

Is the Administrators obligation, not to divulge to anyone, the unique combination of user name and password.

The Company assumes no responsibility for any customer entries at every level of the site and the only legally responsible party is the corresponding Administrator.

The content and the duration of postings, is solely created, maintained and defined by the corresponding Administrator.

The Company reserves the right to delete any Administrator and all the related entries, in case of illegal acts, sexual / racist statements, legal engagements, false news / alerts, etc. ... without any prior warning.

### **Listing process**

1. The Administrator enters the Site with the unique combination of username name and password
2. Creates the "business" and fills in the CORRECT data required by the application
3. Administrator then selects the type of ' category ' of the "business", based on the list that is provided by the Site
4. Defines in both written form the address of the company as well as putting a pin on the map
5. Uploads a photo of the "business"
6. Optionally sets up offers, by completing the data required by the application, and can also modify or delete them.

Uniquely legally responsible for truth / accuracy / legality of the elements and data, is the Administrator.

Uniquely legally responsible for the quality of the services provided, is the Administrator.

The information registered by the Administrator on products, promotions, services, news, announcements, etc, must meet the following criteria:

1. Only items, which are lawful and according with the current Greek and European legislation can registered
2. All data should be accurate, truthful, without misleading in any way the End User
3. Be according to the laws and provisions of existing Greek and European legislation concerning unfair competition, consumer protection, misleading advertising, intellectual and industrial property rights, etc
4. Not contain racist expressions, racism, defame anyone, contain obscene content, promote violent acts / practices etc.

The non compliance with any of the above, leads to the right of the Company, to remove the Administrator and all the related entries.

## **END USER APPLICATION**

The end user will need to download and install the Application on the smart phone device and to accept the terms of use.

Can optionally subscribe and log on the application, based on the options given to by the Application, depending on the version downloaded.

The end user selects

1. The area and a search range, based on the GPS of the device
2. The categories of interest, through the list showed by the Application
3. To presses search to see the results, as a list or on the map and the details of each “business” that fits the above mentioned criteria.

The results are displayed based on the entries of the relevant Administrators, as has been described above.

The display order is defined by the distance from the point where the End User is and if there is any offer.

Company is always reserving the right to set other display order priorities, based on commercial agreements.

Priority may be given to Emergency announcements / news / situations.

## **EXTRAORDINARY NEEDS / Emergencies**

The Application depending on its version, can offer menus with options of Emergencies and Special Situations.

These options become available ONLY to selected Customer groups (e.g. Municipality, Public sector) and ONLY after agreement with the Company.

Access to these special data and its related menu is not self-evident.

After an agreement with the Company, a unique combination of username name and password is created for the use by the Administrator carrier. The Administrator is the unique legal

responsible, for the management of entries and the accuracy of the information is provided, and not the Company.

The Emergency menu of the Site and its use through the application does not replace in ANY case the Public Service of emergencies, Armed Forces and Public organizations, such as:

- Hospitals
- Anti Terrorist teams
- Police
- Fire Department
- Port Authorities
- Civil protection, etc.

In any case the End User, who is registered and audited that is the person it implies, will have to call the related Public organizations, Armed Forces and do not consider that the Application, will take over any/all of the related actions in emergency situations.

The application is made so that it can POSSIBLY set in motion a network of volunteers that have specialized knowledge in some but not all categories of emergencies.

## **PROPER FUNCTION**

The company will make every possible effort for the continuous and trouble-free operation of the Site and Application.

The Company is not responsible for any entries lost due to technical reasons or due to malicious acts, malicious software, hackers, etc.

## **COPYRIGHT**

The copyright of the website and the application (Plision) belong to the Company.

Any reproduction, modification, republishing, transmitting, distributing, displaying, downloading or in any other way exploiting in whole or in part the content of the website and the application for any purpose, is forbidden without the prior written consent of the Company.

## **LEGAL**

The Administrators/owners of the Business / organizations / private /public law represent, are liable for damages caused to the Company, and which Company they will have to compensate.

This includes the case that third party legally move against the company, in cases where there has been a malicious / fraudulent / unauthorized use or registration news / announcements / communications of the Site or the services they offer, from Administrators.

For any dispute that may arise between the Company and the Customers, the Greek courts and applicable law is the Greek law and courts.

## **COST**

Use and registration is free for the Customer Administrator and the End User. The Company reserves the right to change pricing policy and to charge for its services , after informing the End Users and Administrators.

## **Confidentiality**

The Site and the Application does not disclose to third parties any personal information of Administrators and users, except if they have implemented some illegal act via use of the Application or the Site.

The End User provides to Company the right to use as it sees fit, ANONYMOUS search statistics of the End Users, in order to improve the Application, make commercial decisions, product promotion, etc

The Company follows all provisions of existing legislation for the protection of personal data.
